**"There is nobody who comes close to Gregg LeRock's level of professionalism. His lyrics address curriculum requirements, his music is hip, and his concerts are remarkably entertaining. Gregg does more to change kids' attitudes toward French in an hour than you could possibly imagine. The kids appreciate not only that he is 'a wicked guitar player' but that he chooses to sing in French. They just can't stop singing his songs!" *Shawna Larkey, FSL teacher***
